PROFILE

I'm a Front end Web Developer who just finished a bootcamp at Juno College of Technology. In the past, I was primarily working in the landscaping field, even owning and operating my own business for a couple years, but I was never in love with it, but now I've found a career path I really enjoy. I'm excited to work on some fun projects with interesting new people.

EMPLOYMENT HISTORY

Ramp Attendant, Porter Airlines

Toronto

May 2019 — Jul 2020

Worked in a team environment to ensure all baggage and cargo were accounted for on the planes, and marshaled the planes in and out safely.

Handyman, Davenport Garden Center

Toronto

Jun 2018 — Dec 2018

Built a roof and some shelters to store garden supplies in, maintained plants and helped customers

Manager, Comedyworks

Montreal

Jul 2015 — Apr 2018

Managed staff, talent and inventory, dealt with payroll, booked acts, promoted, hosted and performed on shows.

Maintenance, Royal Montreal Golf Club

Montreal

Mar 2012 — Dec 2014

Maintained greens and fairways, applied fertilizer and herbicides, operated all sorts of machinery.

EDUCATION

Bootcamp, Juno College of Technology

Toronto

May 2020 — Jul 2020

University of British Columbia

Kelowna

Sep 2003 — Jun 2005
